Teacher/Advisor/Faculty Member; Phone, email and Location

How do I access the phone number, email address, or office of my teacher/advisor/faculty member?

Go to www.dscc.edu, and click the Find People at the top of the homepage.

On the Find People Page, click the letter of the last name for faculty or staff member. Everyone whose name begins with that particular letter will appear. Additionally, a search by First and Last name can be done by entering the First and Last name in the appropriate boxes and clicking Go.

To view Directory by Department, click the letter the desired department starts with and every department that starts with that letter will appear along with everyone in those departments.
